and the memo ~~of case~~ on page 9 of the notes refer to this point in particular. The intention of Govt is to import only those kinds of foreign liquor which are highly priced and popular.

2 The Dy Comm. proposal states that the kinds mentioned in the applications are genuine brands of European manufacture. The Excise Comm. states that brands of the strength of 15° U.P. can be ~~readily available~~ easily procured of late in the market and recommends the importation. It is not clearly stated if the question has been considered in the light of the principle enunciated by Govt. Perhaps the Excise Comm. does not know why the power of sanction in such cases apart from their being wholesale ~~purchases~~ prices as required by ~~Rule~~ rule XI.
